

STRIVE FOR LESS THAN FIVE DAYS ABSENT

Music by Jim Prosser, Lyrics by Beth Duda

Strive for less than five days absent, strive for less than five.

We go to school to learn and grow.
The more we're there, the more we know.

Strive for less than five days absent, strive for less than five.

Don't miss school don't fall behind.
Stay on track enrich your mind.

Strive for less than five days absent, strive for less than five.

Eat well, exercise, plenty of rest,
These are keys to doing your best.

Strive for less than five days absent, strive for less than five.
