How to Hug a Pufferfish

By Ellie Peterson

ACTIVITY: PUFFERFISH FAN-TASTIC CRAFT

SUPPLIES:

- Colored paper (two or more colors)
- Marker or pen
- Liquid glue or glue stick
- Scissors

DIRECTIONS:

1. Take a sheet of colored paper and cut it in half. Place one half vertically and fold it back and forth accordion-style, about an inch wide.
2. Apply glue to one side of the folded paper and fold it in half onto itself. Press and hold to secure. Repeat with the other half of the paper.
3. You should now have two pieces resembling paper fans. Glue them together to form a circle. This will be the pufferfish's body.
4. Cut out shapes for eyes, a mouth, and fins from different colored paper. Use a marker or pen to add details to the shapes.
5. Attach the eyes, mouth, and fins to the body using glue.
6. Bravo! Give yourself a hug!
