143 Day!

Did you notice references to 143 Day earlier this week on social media? The state of Pennsylvania declared **May 23rd as 143 Day to honor Fred Rogers.** Occurring on the 143rd day of the year, **143 Day celebrates the legacy of Mister Rogers** -- and encourages people to **show more kindness and gratitude to one another.** 143 Day gets its name from Rogers' favorite number, 143, and is used as a **way of saying "I love you"** (the numbers correlate to the number of letters in each word). Help your friends and family feel the love by celebrating 143 Day all week long.

"Often, when you think you're at the end of something, you're at the beginning of something else."

-Fred Rogers
