# SUNCOAST REMAKE DAYS
Welcome to Suncoast Remake Learning Days. This Event Guide will help you make the most of this exciting 10-day free regional learning festival. From Friday, April 29, 2022 through Sunday, May 8, 2022, Charlotte, DeSoto, Manatee, and Sarasota counties will celebrate the joy of adults and children learning side by side.

Suncoast Remake Learning Days (SRLD), presented by the Suncoast Campaign for Grade-Level Reading with the support of The Patterson Foundation, consists of more than 140 events put forth by more than 165 organizations, such as schools, museums, libraries, after school organizations, early child care centers, universities, media outlets and more. All the events are free and designed to be hands-on, relevant and engaging educational experiences for youth of all ages (pre-K through high school) and their families, caregivers, and educators. With such a robust slate of offerings, you and your family are sure to find several “must-do” experiences.

In 2016, Remake Learning Days launched in southwestern Pennsylvania, and since that time it has taken root in 16 other communities. We are proud the Suncoast was invited to be the 17th region to join the Remake Learning Days Across America network.

The Suncoast Campaign for Grade-Level Reading is a four-county effort in Charlotte, DeSoto, Manatee, and Sarasota counties, to help all children, especially those from asset-limited families succeed in school and life by ensuring they master the necessary skill of reading. Part of a nationwide movement, our region is focused on community solutions and aspirations. We are aware of the powerful and influential role parents and caregivers play in their children’s lives. As their children’s first teacher, brain builder, tech navigator, advocate and coach, parents set the stage for success in the early years and beyond. Suncoast Remake Learning Days celebrates the important partnerships between children, parents, caregivers, and the community.

The Patterson Foundation believes that people, organizations, and communities are the best architects for their own future. The Foundation collaborates with these groups to strengthen efforts towards achieving shared aspirations. The generous support of The Patterson Foundation is helping to make Suncoast Remake Learning Days a reality, highlighting and strengthening our learning ecosystem.

With excitement!

In celebration of Suncoast Remake Learning Days

The Suncoast Campaign for Grade-Level Reading, supported by The Patterson Foundation, is a four-county effort to help young children succeed, especially those from asset-limited families, by ensuring they read on grade level. This month, the foundation is participating in Remake Learning Days Across America, a 10-day festival featuring opportunities for youth to develop their creativity, perseverance, and curiosity. A variety of organizations nationwide will host free, hands-on educational experiences for youth of all ages and their families to learn together, and the Suncoast is one of 17 participating regions.

Engaging children, parents, and families in various learning activities outside of classroom hours and school buildings is a powerful way to create a learning ecosystem. When learning is engaging, learners have the time, resources, support, environment, and encouragement to be active problem-solvers, creators, innovators, advocates, and citizens.

SEL Through the Arts

Van Wezel Foundation in partnership with WEDU and the Van Wezel Performing Arts Hall
Managing emotions and behavior is key to student success and a healthy classroom community. It can be challenging to teach social and emotional skills in an engaging way within the regular curriculum. One way to do that is through the arts.

Engaging students in creativity in any subject enhances learning. Explore resources to help educators and parents understand emotional development and learn to lead students in art projects that build those skills—projects that can be incorporated into almost any subject.

Dance with PAInT  
10:00a | 2:00p

**USF Center for PAInT** – Dance with PAInT is a family-friendly environment promoting cultural awareness in various dance genres. Our featured artist is Breai Mason-Campbell from Baltimore, MD. She is a mom of three and the founder of Moving History, a dance curriculum that explores movement traditions that began as American folk art. Join us in celebrating families as we build creative self-expression and community. The curriculum’s core repertoire — Breakin’, Locking, Lindy Hop, West African Dance, Vernacular Jazz, Tap, and East Coast Swing, are rigorous disciplines with international impact. The event combines technical dance skills with historical events such as the Harlem Renaissance, the Trans-Atlantic Slave Trade, the Civil Rights Movement, and the Great Migration. The event will also feature Tap Dance from Tapology, Inc., based in Flint, MI. If you have tap shoes, bring them! Everyone is welcome – from beginners to older adults and everyone in between.

**Menchy’s Paw Mitzvah**
3:00p - 5:00p
Hershorin Schiff Day Schools of Tomorrow, Inc. – A mitzvah project is a meaningful way to engage families and the community-at-large in one of the most important values of Judaism – repairing the world (tikkun olam) and compassion for others. Our school mascot, Menchy (a mensch is a person who can be relied on to act with honor and integrity), will engage our school families and others in the community with a service project benefiting animals. Participants of all ages will create and decorate dog and cat bowls to be gifted back to The Humane Society of Sarasota. We will also donate animal toys and food. In addition to the service-learning project, animals from The Humane Society, stories and crafts, music, food trucks (Spice Boys Kitchen), ice cream, and cake, more will be shared.

For more information, visit [Sarasota Suncoast](https://www.sarasota.suncoast.net) or contact the event organizers directly.

Van Wezel Foundation in partnership with WEDU and the Van Wezel Performing Arts Hall
Managing emotions and behavior is key to student success and a healthy classroom community. It can be challenging to teach social and emotional skills in an engaging way within the regular curriculum. One way to do that is through the arts.

Engaging students in creativity in any subject enhances learning. Explore resources to help educators and parents understand emotional development and learn to lead students in art projects that build those skills—projects that can be incorporated into almost any subject.

Attending school regularly is essential for students to gain the academic and social skills they need to succeed. Chronic absenteeism leaves third graders unable to read proficiently, sixth graders struggling with coursework, and high school students off track for graduation.

As schools and communities develop and implement their plans to address the academic and social impact of disrupted learning, SCGLR is bringing back the Attendance Awareness Poster Contest.

This year, the Attendance Awareness Poster Contest will be held in Charlotte, DeSoto, Manatee, and Sarasota county public schools on an opt-in basis. Since the inaugural Attendance Awareness Poster Contest in 2015, nearly 200,000 posters have been created by students about the importance of outstanding attendance.

We know that there’s no such thing as perfect, especially when it comes to attendance. After all, children do get sick or may need to miss school for a number of reasons, including the need to quarantine. We know missing more than 10% of the work covered in class puts children in academic danger. To hit the mark of excellence this year, make every day a learning day!
The Patterson Foundation wants to invest in people to provide increased knowledge and personal development, which, in turn, will make our community stronger. **Stronger Me, Stronger We** provides opportunities for personal growth and connection at no cost as a gift from The Patterson Foundation.

**Stronger Me, Stronger We** gives community members the opportunity to virtually come together in small groups, connect, and build their knowledge and skills. Each **Stronger Me, Stronger We** offering is comprised of several one-hour Zoom sessions.

The Suncoast Campaign is looking forward to partnering with groups, nonprofits, agencies, and faith-based organizations to offer this workshop throughout the Suncoast region. Please email connect@gradelevelreadingsuncoast.net if you would like to offer this workshop or if you would like SCGLR to hold a workshop for your group.

**Mind in the Making**

Based on the book, *Mind in the Making: The Seven Essential Life Skills Every Child Needs*, successful children can focus on their work and control their behavior, figure out what others think and feel, explain what they are thinking, use what they learn creatively, search for reliable information, take on challenges, and engage in learning.

During facilitated workshops, you will learn how to strengthen these essential skills and teach them to the children you love.

---

**The Power of Presence**

Through five 1-hour guided conversations, you will take a journey that will give insight into improving your ability to be present with your family and community. By sharing your thoughts and experiences, you will help each other discover new ways to strengthen connections.

**THIS BOOK IS COOL!**

**THIS BOOK IS COOL!** (TBIC!) is a series of webisodes to encourage a love of reading. Since it premiered, thousands of children across the Suncoast region have qualified to receive free books thanks to the generosity of The Patterson Foundation. In 2021, 9,192 children participated; combined, they read 182,648 books!

TBIC! received the prestigious Bright Spot Award from the Campaign for Grade-Level Reading and is a great opportunity for parents and caregivers to help boost their children’s confidence in learning!

**Vrooming to Literacy**

During guided conversations centered on child development for parents and caregivers of children birth–5 years old, SCGLR will introduce new games and activities you can use to engage your child and help build their brain.

Using proven research, we will practice fun and entertaining methods of encouraging literacy to help children establish a love of learning and reading.
SUNCOAST CAMPAIGN FOR GRADE-LEVEL READING
2022 Suncoast Summer Reading Challenge

For students who will be in PreK - 3rd GRADE in August

REGISTER NOW!

THIS BOOK IS COOL! is a series of 100 books and webisodes to encourage a love of reading. Children signed up for THIS BOOK IS COOL! will receive 20 free books, activity guides and word puzzles thanks to the generosity of The Patterson Foundation.

*To qualify for THIS BOOK IS COOL!, you must be:
- A resident of Charlotte, DeSoto, Hardee, Manatee, or Sarasota counties
- Entering PreK-3rd grade in the fall of 2022
- Enrolled at a Title I school or eligible for free/reduced lunches or for a family that demonstrates need

To maintain an active status in THIS BOOK IS COOL!, parents must have ongoing contact with the Suncoast Campaign for Grade-Level Reading, indicating the number of books their child has read that week. This program is designed for families with limited means. If you don’t believe your child would qualify but you’d still like to be a part of the program, we suggest making a donation of $80 to Season of Sharing. STRENGTHENING PEOPLE, ORGANIZATIONS, AND COMMUNITIES

Rather than arriving with the answer, The Patterson Foundation believes that people, organizations and communities are the best architects for their own future. The Foundation collaborates with these groups to strengthen efforts toward achieving shared aspirations.

People
Guided by individual values, experiences, and expertise, people engage in the world beyond themselves to create positives.

Organizations
Organizations are collectives — each with a mission focus to build a vibrant society.

Communities
Through the collaborative efforts of people, businesses, nonprofits, government, and the media, we can achieve greater impact toward community thrivability.

THE PATTERSON FOUNDATION

Strengthening the Impact
An engaging 48-minute deep dive into The Patterson Foundation, with President and CEO Debra Jacobs and Host Lisa Moody

The Patterson Foundation is an anchor funder for the Campaign for Grade-Level Reading. Since 2013, The Patterson Foundation has supported both the national Campaign for Grade-Level Reading and the Suncoast Campaign for Grade-Level Reading with more than $13 million.

The Patterson Foundation is focused on investing in a regional approach that supports the community-wide vision of success in Charlotte, DeSoto, Manatee, and Sarasota counties.

The Patterson Foundation’s resources support the Suncoast Campaign for Grade-Level Reading through:

- Bringing promising and proven practices to the region
- Fostering community connectivity with people, business, nonprofits, government and media
- Amplifying opportunities and success through integrated communications
- Learning and sharing to strengthen families and children
- Embracing new ideas that address a constantly changing world
